It was not clear from the Council's resoluti No.1, dated 29-1-38 whether the proposed reductio f meter-rent should be applied to both A.C. sing hase and D.C. meters, and the Commissioner, Bell unicipality was requested to forward a clear re olution of the council on the subject. I encl copy of the Commissioner's letter E.No.855/38 ated 2.2.39 forwarding the Electric Standing ommittee's resolution No.1, dated 9-1-39 agreein o the following amendments suggested by me:.

"Part III - Miscellaneous charges:-

(i) For the existing charges for meter hire in clause 3(a) and (b) substitute the following:-

(a) D.C. upto 10 amps. and A.C. Single phase.	6 annas per mei ... per month.
(b) D.C. 10 amps. and above and A.C. Polyphase.	12 annas per me per month.

(ii) Add the following note at the end of clause 3 of Part III.-

"Note. For the first month of service connection, the meter rent will be proportionate to the number of days in the month for which current is supplied. For the month in which the meter is removed on or after disconnection of service and/or installed afresh the meter rent will be proportionate to the number of days in month during which the meter remains on the premises of the consumer. Such proportionate charges will be rounded to the nearest anna."

The amendments may be approved.

What is the rate of rent for single phase meters in Govt. thermal electric areas? We have decided to reduce the meter rent in Hydro electric areas to 4 annas per month. The new licensees in the thermal areas, e.g. Bobbili ~~are~~ have also been advised to fix the rent for single phase meters at 4 annas. Why not a similar procedure be adopted at Bellary?

13/3

The rate of rent for single phase meters in Govt. thermal electric areas is also as 4 per meter per month. The Dy C.E for Bly may be asked to state why a rate of 6 annas per meter per month was recommended to the Md. council instead of the rate approved by Govt. A draft T.M. is submitted.
